INDEX TO VOLUME VI.

PAGE

A'COURT, MAJOR HOLMES, and CONNELLY, CAPT. A. WALDO: Congenital abnormality of the wrist - - - - - 148
'Active movement' splint for suppurative arthritis of the knee - - - - 570, 571
ADAMS, CAPT. JOSEPH E.: Restoration of the urethra by means of Baer's membrane 494
Affections of the large joints due to gunshot wounds, their late results and treatment 190
Alternative methods in peripheral nerve injury where suture, etc., is inapplicable 291, 453
Alveolus, fractures of - - - - - 86, 87
Amputations, primary and delayed primary suture in - - - - - - - - 107
Anæsthesia due to deficient circulation in hysterical contractures - - - - 596
Anæsthetic, general, in cases of fractured femur at the base - - - - - - - 353
Aneurysm and brachial plexus injury associated with peripheral nerve lesions - - 450
Ankle-joint, gunshot wounds of, primary suture 107
— — — late treatment of - - - - - 201
— splints - - - - - - - - - 202
Ankylosis after gunshot wounds of joints 195, 251, 252, 254, 255, 271
— of elbow, best position for - - - - 254
— — treated by arthroplasty, compared with results of excision - - - - - 271
— shoulder, best position for - - - - 255
— wrist, treatment of - - - - 251, 252
Anterior crural nerve, injury of - - - 434
Antiseptics in the treatment of gunshot wounds by primary suture - - - 93, 103
Apparatus for active mobilization in suppurative arthritis of the knee - - - - 571
— Crile's, for holding the fragments in difficult cases of fracture of the femur - - 458
Appendix, a case of torsion of the - - 327
Army Medical Collection, how it was formed - 537
— — — macerated bones in, showing the effects of gunshot injuries (*see also* Cranium) - - - - - - - 537
Artery, axillary, a case of contusion of - - 15
Arthritis, suppurative, of the knee-joint, new method of treatment (*see also* Knee-joint) - - - - - - - - - - 566
Arthroplasty for ankylosis of elbow, compared with excision - - - - - - 271
Aseptic technique in the operative treatment of ununited fractures - - - - - 220
Axillary artery, a case of contusion of - - 15

BACTERIOLOGY of gunshot wounds 93, 96, 97, 109, 111, 124
— — — collection of material - - 93, 111
— — — cultural methods - - - - - 111
Baer's membrane, restoration of urethra by means of - - - - - - - - 494
Bandolier shoulder-abduction splint - - 196
Base hospital, treatment of cases of fractured femur at (*see* Femur)
Baths, whirlpool, in peripheral nerve lesions - 283
Bilateral ovarian dermoid cysts simulating renal colic - - - - - - - - 468
Biographical Notes:—
Sir Benjamin Collins Brodie, Bart. - - 157
Henry Cline - - - - - - - - 12
Sir William Fergusson - - - - - 479
Robert Liston - - - - - - - 333

PAGE

B.I.P.P. in primary and delayed primary suture of gunshot wounds - 95, 97, 98, 103
Bladder, anatomy of - - - - - - - 24
— injury in warfare; a study of 53 cases - 24
— — — associated injuries - - - - - 30
— — — complications - - - - - 37, 45
— — — cystoscopy in - - - - - 34–37
— — — importance of perivesical tissues - 42
— — — late results - - - - - - 45
— — — methods of examination - - - - 33
— — — missile and its track - - 26 *et seq.*
— — — mortality and causes of death - 39
— — — particulars of cases - - - - 47
— — — signs and symptoms - - - 31
— — — treatment - - - - - - 40
— — — — of associated injury to other pelvic organs - - - - - 44
— — — — extraperitoneal wounds - - 41
— — — — intraperitoneal wounds - - 40
— — — — wound in parietes - - - 43
Blake's apparatus for extension treatment of fractures - - - - - - 168–71
Blood toxicity in shock - - - - - - 403
— transfusion in shock - - - - - - 407
— vessels in shock - - - - - - - 404
— volume in shock - - - - - - - 404
Bolts, fixation of bone grafts by - - - - 237
Bone changes due to deficient circulation in hysterical contractures - - - - - 598
— fragments, removal in cases of fractured femur at the base - - - - - 355
Bone-grafting in non-union of forearm bones - 252
— for ununited fractures - - - - - 230
— — — fixation by accurate joinery - - 234
— — — — by intramedullary pegs - - 234
— — — — nails, split pins, wires, screws, bolts, and plates - - - 237
— — — — suture - - - - - - 233
— — — of the mandible - - - - - 65
— — — mechanical fixation of graft - - 233
— — — results obtained in 34 cases - - 238
— — — rôle of the periosteum - - - 231
— — — source of graft - - - - 233
— — — vital conditions necessary - - 231
— growth and bone repair: researches by Ollier of Lyons and Macewen of Glasgow 160
— — — — — — by Syme and Goodsir - - 19
Bones, Izzard's method of macerating - - 538
— macerated, showing the effects of gunshot injuries, in the Army Medical Collection (*see also* Cranium) - - - - - 527
Bony block after gunshot wounds of joints - 195
Brachial plexus, injury of - - 308–10, 451–3
— — — and aneurysm associated with peripheral nerve lesions - - - - 450
Bradshaw lecture, 1918: On cancer of the tongue (D'Arcy Power) - - - - 336
Brain, foreign bodies in, a new method of localization and extraction of - - - 409
BRODIE, SIR BENJAMIN COLLINS, BART., biographical notes of - - - - - 157
Bullet tracks in gunshot wounds, sterility of - 111
BURROWS, CAPT. HAROLD: A case of congenital defect of the thorax, with Sprengel's deformity - - - - - - - - 325
— — — and KAZANJIAN, MAJOR V. H.: Treatment of gunshot wounds of the face accompanied by extensive destruction of the lower lip and mandible - 74
Bursts of the intestine - - 135, 140

PAGE

CALCULI as a complication of war injuries of the bladder - - - - - 45
Calico, unbleached, for slinging limb in Thomas splint - - - - - - - - - 360
Caliper splint, walking, for cases of fractured femur - - - - - - - - - 375
Calipers, engineer's, for extension of fractured femur - - - - - - - - 357, 358
Callus production without bone suture in the treatment of ununited fractures - - 215
Calvaria (*see* Cranium)
Cancer of the tongue (Bradshaw lecture, 1918) (*see also* Tongue) - - - - - - - 336
'Capsulectomy' in peripheral nerve injury - 442
Caries of teeth as a possible cause of the increase in cancer of the tongue - - - 345
Causalgia in peripheral nerve injury - - 447
Chain, eversion, for drop-foot - - - - - 517
Circulation, deficient, in hysterical contractures, secondary changes due to - - - 593
CLINE, HENRY, biographical notes of - - 12
COLE, PERCIVAL P.: Ununited fractures of the mandible; their incidence, causation, and treatment - - - - - - - 57
Colic, renal, simulated by bilateral ovarian dermoid cysts - - - - - - 468
Colostomy and colectomy, a procedure for avoiding - - - - - - - - 382
Congenital abnormality of the wrist - - 148
— defect of the thorax, with Sprengel's deformity - - - - - - - - 325
— elevation of scapula (Sprengel's shoulder), a case of - - - - - - - 146
Congestion, passive, in the treatment of ununited fractures - - - - - 214
CONNELLY, CAPT. A. WALDO, and A'COURT, MAJOR HOLMES: Congenital abnormality of the wrist - - - - - - - 148
Contractures, ischæmic, and their treatment 250, 251
— war—localized tetanus, reflex disorder, or hysteria (*see also* Hysterical Contractures) - - - - - - - - - 579
Contused injuries of the cranium (*see* Cranium) 539
Contusion of the axillary artery, a case of - 15
CORNER, MAJOR EDRED M.: The structure, forms, and conditions of the ends of divided nerves, with a note on regeneration neuromata - - - - - - 273
Counter-extension in the treatment of war fractures - - - - - - - - 167
Counterpoise system for cases of suppurative arthritis of the knee - - 571, 572, 573
Cranium, atypical injuries of - - - - - 554
— contused injuries of - - - - - - 539
— — — injuring external but not internal table - - - - - - - - 541
— — — in which external table shows slight injury and inner table marked comminution - - - - - 541
— — — grooved and massive variety - - 543
— — — without depression of external table but with fracture of internal table 540
— gunshot injuries of - - - - - - 539
— penetrating injuries of - - - - - 546
— — — simple - - - - - - - - 546
— — — with secondary injury to another portion of the cranium - - - 547
— perforating injuries of - - - - - 548
— showing disruptive effects of close-range high velocity missiles - - 556, 557
— — result of severe crushing accident - - 554
— specimens showing various reparative processes - - - - - - - 551
— — in the War Office Collection in which a trephining or decompression operation had been performed - - - - - 550

PAGE

CRILE, CAPT. DENNIS W.: Fracture of the femur: a method of holding the fragments in difficult cases - - - - - 458
Crucial ligaments, anatomy of - - - - - 176
— — clinical manifestations of injuries to - 178
— — diagnosis and treatment of injuries to - 176
— — mechanism of - - - - - - 177
Cultural methods in the bacteriology of gunshot wounds - - - - - - - - 111
Culture tests in primary suture of gunshot wounds - - - - - 93, 111, 124
Cultures from gunshot wounds, Stokes' swab and tube for taking specimens - - 93
Cystitis as a complication of war injuries of bladder - - - - - - - 38, 46
Cystoscopy in war injuries of bladder - 34–37
Cysts, bilateral ovarian dermoid, simulating renal colic - - - - - - - - 468

DAVIES, CAPT. TREVOR B.: An unusual type of fracture dislocation of the upper end of the humerus - - - - - - 466
DAW, S. W.: Affections of the large joints due to gunshot wounds; their late results and treatment - - - - - - - 190
Decompression operations, crania in the War Office Collection showing - - - 550
Delayed primary suture of gunshot wounds 98, 103, 109
Dermoid cysts, bilateral ovarian, simulating renal colic - - - - - - - - 468
Diagnosis and treatment of injuries to crucial ligaments - - - - - - - 176
Digestion of the œsophagus as a cause of post-operative hæmatemesis - - - - 523
Dilatation of the stomach, acute (*see also* Stomach) - - - - - - - - 125
Disabilities resulting from hysterical war contractures - - - - - - - - 579
— of the upper extremity in military surgery, treatment of - - - - - - 248
Disability of the limbs, functional, treatment in a special military surgical hospital - 497
Dislocation and fracture of upper end of humerus, unusual type of - - - - - - 466
— subastragaloid, reduced by operation after 7 weeks - - - - - - - - 144
Displacement of the mandibular meniscus and its treatment (*see also* Mandibular Meniscus) - - - - - - - - 385
Diverticulum, Meckel's, gunshot injury of - 324
DOBSON, LIEUT.-COL. J. F., and HIGGINS, CAPT. W. R.: A case of contusion of the axillary artery - - - - - - - 15
DOOLIN, WILLIAM: Acute dilatation of the stomach - - - - - - - - 125
Drainage in primary suture of gunshot wounds 96
Dressings in primary suture of gunshot wounds 97
Drop-foot, eversion chain for - - - - - 517
— shoe splint for - - - - - - - - 202
DRUMMOND, MAJOR HAMILTON: Rupture of the small intestine into the mesentery, the result of indirect violence of a missile 140
DUNN, MAJOR NAUGHTON: The treatment of disabilities of the upper extremity in military surgery - - - - - - - 248
Dyes, use of, in distinguishing living from dead tissue in excision of gunshot wounds - 94

EBURNATION as a cause of non-union of fractures - - - - - - - - - 210
Elbow, best position for ankylosis - - - 254
— bone blocking flexion of - - - - - 255
— flail - - - - - - - 198, 253, 269, 270
— — jointed poroplastic splint for - - 198

PAGE

Elbow and humerus, fractures of, treatment in relation to the primary suture of wounds - - - - 99, 107
— late treatment in gunshot wounds of - 197
— myositis ossificans affecting - - - 255
— primary excision for wounds of, method of limited excision - - - - - 268
— — — — preservation of muscular attachments - - - - - 269
— — — — relation between amount of bone removed and subsequent functional result - - - - 265
— — — — — of the extensive operation to sepsis - - - - 268
— — — — results of - - - - - 265
— — — — — compared with those of arthroplasty for ankylosis - - 271
— — — — table of particulars of 11 cases - 266
— treatment of disabilities resulting from war wounds - - - - - 253
Electrical changes in peripheral nerve lesions 282, 287, 318
— treatment in peripheral nerve lesions - - 284
Epididymitis as a complication of war injuries of the bladder - - - - 38, 46
Ether, results of employment as antiseptic in primary suture of gunshot wounds - 103
EVERIDGE, MAJOR J.: A new method of treatment for suppurative arthritis of the knee-joint - - - - - - 566
Eversion chain for drop-foot - - - - 517
Excision, limited, for wounds of the elbow-joint 268
— primary, for wounds of the elbow-joint, results of - - - - - - 265
'Explosive' effects on cranium of close-range high-velocity missile - - - 556, 557
Extension in cases of fractured femur at the base, maintenance of - - - - - 368
— — — — — methods of - - - - 357
— by weight in the treatment of war fractures - - - - - - - - 166
External popliteal nerves, injury of 430, 431, 437, 438, 445, 446, 448, 455
Extraction of foreign bodies in the brain, a new system of - - - - - - 409
Extravasation of urine as a complication of war injuries of the bladder - - - - - 37

FACE, gunshot wounds of - - - 57, 74, 86
— — — with extensive destruction of lower lip and mandible - 74
— — — early treatment - - - 74
— — — restoration of lower lip - - - 76
— — — — mandibular function - - 75
— and jaws, injuries to, false trismus resulting from - - - - - - - 87
— — fractures of the alveolus - - - 87
— — — mandible - - - - - 86
— — — maxilla - - - - - 87
— — notes on the principles and results of treatment in 200 cases - - 86
Fæcal fistula and extravasation as complications of war injuries of the bladder - 39
FAGGE, C. H.: Bilateral ovarian dermoid cysts simulating renal colic - - - - 468
Femur, fractured, a method of holding the fragments in difficult cases - - - 458
— — at a base hospital in France, treatment 351
— — — application of splint - - - 360
— — — complications - - - - - 373
— — — condition and treatment of patient on admission - - - - 352
— — — correct position of foot in treatment of - - - - - - 371
— — — covering of the lower limbs in - 372
— — — general anæsthetics in cases of - - 353

PAGE

Femur, fractured, at a base hospital, indications for further operation - - - 354
— — — length of time necessary for firm union 375
— — — maintenance of extension - - 368
— — — materials used for slinging limb in Thomas splint - - - - - 359
— — — methods of extension - - - 357
— — — — suspension - - - - 363–8
— — — movements of joints during after-treatment - - - - - - 372
— — — prevention of pressure sores - - 371
— — — procedure in operating theatre - 353
— — — removal of bone fragments - - 355
— — — selection of splint - - - - 356
— — — surgical treatment of the wounds and fracture on admission - - - 354
— — — track and steps for initial attempts at walking - - - - - - 376
— — — treatment of spreading sepsis or gas infection - - - - - 354
— — — — wounds - - - - - - 368
— — — use of fracture boards - - - 371
— — — — Sinclair foot-piece - - - 359
— — — vascular gangrene in cases of - - 356
— — — walking caliper splint for - - 375
— — — ward after-treatment - - - 362
— — — *x*-ray examination of - - - 352
— fractures of, treatment in relation to the primary suture of wounds - - - 99
— — ununited, long pegs introduced from the trochanter in cases of - - - 225
— wards - - - - - - - 351, 362
FERGUSSON, CAPT. J. NEWBERY: A new system of localization and extraction of foreign bodies in the brain: a preliminary note - - - - - - - 409
— SIR WILLIAM, biographical notes of - - 479
Fibula as a source of bone grafts - - - 233
— and tibia, fractures of, treatment in relation to the primary suture of wounds - - 99
Fistula, fæcal and recto-vesical, as a complication of war injuries of the bladder - 39
Fixation of bone grafts in operative treatment of ununited fractures - - - - - 233
Flail elbow after excision - 198, 253, 269, 270
Flannel bandage as sling for limb in Thomas splint - - - - - - - - 359
Flavine in primary and delayed primary suture of gunshot wounds - 97, 98, 103, 111
Foot, correct position of, in treatment of fractured femur - - - - - - 371
Foot-drop, eversion chain for - - - - 517
— shoe splint for - - - - - - - 202
Foot-piece, Sinclair's - - - - - - 359
Forearm, fractures of, treatment in relation to the primary suture of wounds - - 101
— — war, extension treatment - - - 174
— and wrist, treatment of disabilities resulting from war wounds - - - - - 250
Foreign bodies as a complication of fractured femur - - - - - 374
— — in the brain, a new method of localization and extraction of - - - 409
— — lodgement of, in gunshot wounds of the spine - - - - - - - 482
FORTY, CAPT. A. ALAN, SHEFFORD, CAPT. A. D., and MUNBY, CAPT. W. MAXWELL: Notes on the principles and results of treatment in 200 cases of injuries to the face and jaws - - - - - 86
Fracture boards in treatment of cases of fractured femur - - - - - - 371
— dislocation of upper end of humerus, unusual type of - - - - - - - 466
Fractures of the alveolus - - - - 86, 87
— compound, treatment in primary suture of gunshot wounds - 94, 98, 99, 105

Soap in primary suture of gunshot wounds - 103
Souttar, Major H. S., and Twining, Capt. E. W.: Injuries to the peripheral nerves from the surgical standpoint - - - 279
Specialism in surgery - - - - - - 6
Spinal cord, gunshot injuries of (*see also* Spine and Spinal Cord) - - - - - 491
— theca, gunshot injuries of - - - - 491
Spine and spinal cord, gunshot wounds of, fracture by direct impact, with complete perforation - - - - - - 485
— — — — — — — — — with retention of missile - - 483
— — — — — fracture by tangential blow - 487
— — — — — injuries to the theca spinalis - 491
— — — — — lodgement of foreign bodies - 482
— — — — — pathology of - - - - 481
Spleen, septic infarct of, causing rupture of spleen, hæmorrhage, and death - - 467
Splint, 'active movement,' for suppurative arthritis of the knee - - - - 570, 571
— application of, in cases of fractured femur at the base - - - - - - - 360
— bandolier shoulder-abduction - - - 196
— Blake's, for extension treatment of fractures 168, 169
— drop-foot shoe, for ankle - - - - 202
— for genu retrorsum - - - - - - 200
— jointed poroplastic, for flail elbow - - 198
— long skeleton cock-up sling- - - 506, 508
— malleable shoe, for ankle - - - - 202
— metacarpo-phalangeal flexion - - 504, 506
— Morton's wrist - - - - - - - 199
— selection of, in cases of fractured femur at the base - - - - - - - - 356
— Thomas, materials used for slinging limb in 359
— Turner, for gunshot wounds of joints - - 193
— walking caliper, for cases of fractured femur 375
Splints in peripheral nerve lesions - - - 284
Split-pins, fixation of bone grafts by - - 238
Sprengel's deformity, with congenital defect of the thorax - - - - - - - 325
— shoulder, a case of - - - - - - 146
Step-cut operation for ununited fractures - 223

Sterility of bullet tracks in gunshot wounds - 111
Stokes, Capt. Adrian, and Tytler, Major W. H.: Report on the bacteriology of wounds - - - - - - - - 111
Stokes' swab and tube for taking specimens for culture in gunshot wounds - - 93
Stomach, acute dilatation of - - - - 125
— — — etiology - - - - 127
— — — post-mortem appearances - - 130
— — — prognosis and treatment - - 131
— — — symptoms - - - - - - 129
Stomata of joint, formation of adequate, in suppurative arthritis of the knee-joint - 569
Streptococcus, hæmolytic, its bearing on primary suture of gunshot wounds 92, 96, 98, 109, 120
Stretching of nerves to facilitate meeting of ends after injury - - - - - 319
Stricture as a complication of war injuries of the bladder - - - - - - - 45
Subastragaloid dislocation reduced by operation after seven weeks - - - - - 144
Suppurative arthritis of knee-joint, new mode of treatment (*see also* Knee-joint) - 566
Suprarenals, adrenalin content of, in shock - 403
Surgery, military, a review of four years of - 1
— specialism in - - - - - - - 6
Surgical shock, some phenomena of (*see also* Shock) - - - - - - - - - 402
Suspension, methods of, in cases of fractured femur at the base - - - 363–8
— modified, by counterweights, for cases of suppurative arthritis of knee 571, 572, 573
Suture for the fixation of bone grafts - - 233
— of musculospiral nerve, 3 cases of - - 315
— in peripheral nerve lesions 287, 315, 321, 426
— — — — functional results of - - - 290
— — — — special needle for - - - 322
— primary and delayed primary, of gunshot wounds (*see also* Gunshot Wounds) 92, 95, 98, 103, 109
Sweating, excessive, in hysterical contractures 599
Syme and Goodsir, researches regarding the growth and repair of bones - - - 19
Synovial fluid as a natural germicide - - 568
— — character of, in suppurative arthritis of the knee-joint - - - - - - 567
Syphilis and tobacco as possible causes of the increase in cancer of the tongue - - 346

Taylor, Major Gordon: A case of gunshot injury of Meckel's diverticulum 324
Teacher, John H., and Pringle, J. Hogarth: Digestion of the œsophagus as a cause of post-operative hæmatemesis - - - 523
Team work in treatment of cases of functional disability of the limbs - - - - 521
Teeth, caries of, as a possible cause of the increase in cancer of the tongue - - 345
Tendon transplantation in peripheral nerve lesions where suture is inapplicable - 291
Tendons and nerves, surgery of, in relation to joints - - - - - - - - 256
Testicle, abscess of, as a complication of war injuries of the bladder - - - - 45
Tetanus as a complication of fractured femur 374
— localized, as a cause of war contractures - 579
Theca spinalis, gunshot injuries of - - - 491
Thomas splint, materials for slinging limb in - 359
Thorax, congenital defect of, with Sprengel's deformity - - - - - - - 325
Thorburn, Col. William, and Richardson, Major George: The pathology of gunshot wounds of the spine and spinal cord - - - - - - - - 481
Tibia as a source of bone grafts - - - 233

PAGE

Tibia and fibula, fractures of, treatment in relation to the primary suture of wounds - 99
Tobacco and syphilis as possible causes of the increase in cancer of the tongue - - 346
TODD, ALAN H.: A case of septic infarct of the spleen, causing rupture of the spleen, hæmorrhage, and death - - - 467
Tongue, cancer of (Bradshaw lecture, 1918) - 336
— — history - - - - - - - 337
— — peculiarities - - - - - - 336
— — possible factors causing the increase in - 344
— — statistics - - - - - - 341
— — zoological distribution - - - - 340
Torsion of the appendix, a case of - - - 327
Toxicity of the blood in shock - - - - 403
Track and steps for initial attempts at walking in cases of fractured femur - - - 376
Transfusion in shock - - - - - - 407
Transplantation in peripheral nerve injury - 422
Trench foot in cases of fractured femur - 356
Trephining, specimens of crania in the War Office Collection showing - - - 550
Trismus, false, resulting from injuries to the face and jaws - - - - - - 87
Trophic changes in peripheral nerve lesions - 281
Trunk postures due to hysterical contractures 593
Turner splint for gunshot wounds of joints - 193
TWINING, CAPT. E. W., and SOUTTAR, MAJOR H. S.: Injuries of the peripheral nerves from the surgical standpoint - - - 279
TYTLER, MAJOR W. H., and STOKES, CAPT. ADRIAN: Report on the bacteriology of wounds - - - - - - - 111

ULCERATION, secondary jejunal and gastro-jejunal (*see also* Jejunal Ulceration) - 390
Ulna, treatment of non-union of - - - 252
Ulnar nerve, functional results of suture of - 290
— — injury of 249, 256, 294–8, 302–5, 422–51 *passim*
— — — treatment of disabilities of hand due to - - - - - - 249
— and median nerves, injury of - - - - 302–5
— median, and internal cutaneous nerves, injury of - - - - - - - 439
— — and musculospiral nerves, injury of - 443
— and musculospiral nerves, injury of - - 256
— and posterior interosseous nerves, injury of 422
Union, firm, of fractured femur, length of time necessary for - - - - - - 375
Ununited fractures of the mandible; their incidence, causation, and treatment - 57
— — with special reference to gunshot injuries and the use of bone grafting (*see also* Fractures, Ununited) - - 203
Upper limb, cases illustrating treatment of functional disability of - - - 499
